

STATEMENT

I, the undersigned _____ from _____
(name, father's name, surname)

state that on _____ 20____ I was acquainted with the provisions of the Law on Classified Information(*), the Law on Amendments and Supplements to the Law on Classified Information and the other regulations and international agreements, i.e. the national standards for security of classified information and with the obligation to act in compliance with them when handling and safeguarding of classified information that will be given to me for use.

By signing this statement, I acknowledge that the following obligations have been particularly pointed out to me:

- to comply with all written measures for administrative, physical, information and industrial security, according to the level of classification;
- to comply with the "need to know" principle;
- to undertake the necessary activities for reception, processing, determination of the users of classified information and to distribute and forward the classified information to them;
- to inform in case the conditions for receiving the security clearance certificate cease to be fulfilled;
- for any classified information received directly I will inform the Security Officer in the organ, i.e. the legal entity;
- I will have in mind the possibility of intelligence activities towards the classified information that I will come to during my working activities;
- for any activity that can harm the security of classified information I will without delay inform the nearest authority for security of classified information and, in case of emergency, the competent security authorities in the Republic of North Macedonia;
- I will not impede the carrying out of the inspection supervision;
- I will act upon the suggested measures and deadlines for removal of the deficiencies and inconsistencies, determined and forwarded by the inspector.

I am acquainted that:

- the responsibility for safeguarding of all knowledge received from classified information or for the activities undertaken for security of such information, continues and does not end with the reassigning to another position, i.e. with the termination of the employment, until it is declassified, and
- the offence of this obligation will be considered as a violation of the rules for keeping the secrecy of data and in line with the offence provisions of the Law incurs certain fine, while in the more difficult cases, for a criminal act that calls for accountability in line with the Criminal Code of the Republic of North Macedonia.

(User's signature)

That the forenamed is acquainted with the obligation to act in accordance with the laws and other regulations for security of classified information, that he/she understands them correctly and that he/she is aware of the responsibilities in case of not complying with them, declares and certifies

Skopje, _____

(Security Officer)
